# NIGHTINGALE HOUSE GOLF FUNDRAISING CHALLENGE

## How Can Your Golf Club Take Part?

Choose a fundraising activity that suits your club and celebrate 30 years of care! Here are some great ideas:

- **72-hole challenge** – tee off at sunrise and play through until sunset!
- **Longest drive competition** – see who can smash the biggest shot.
- **Charity golf day** – bring your members together for a day on the greens.
- **Bespoke fundraising event** – create your own challenge to suit your club!

**We'll provide sponsor forms, t-shirts, collection buckets, and promotional materials to help make your event a success.**

This is part of our Longest Day Lasting Care campaign, to find out more, visit our website:

## Why fundraise for Nightingale House Hospice?

Nightingale House Hospice provides free, specialist care and support to people in our community living with progressive, life-limiting illnesses such as MND, Parkinson's, MS, heart failure, and cancer. Our care helps patients live life to the fullest despite their diagnosis.

## How we make a difference

Our modern facilities include:

**12 en-suite inpatient rooms, including for respite patients.**

**A modern outpatient services facility offering:**

- Wellbeing Programme
- Rehabilitation support
- Symptom management and stabilisation
- Complementary therapies
- Fatigue, anxiety, and breathlessness management
- Music therapy
- Bathing services
- Adult and child bereavement support\*

\*We are one of the few providers of bereavement support for children, even if their loved one wasn't cared for at Nightingale House Hospice.

## Why we need your support

It costs £5.6 million a year to run Nightingale House Hospice, yet we receive only £1 million in government funding. This means we must raise at least £4.6 million every year to continue our vital services.

## Every penny you raise counts

Whether you take on a challenge, host an event, or simply donate, your support ensures we can continue providing compassionate care to those who need it most.
